

## Featured Products

### Connection Cables / Cordsets

Carlo Gavazzi offers a complete range of quick disconnect cables (cordsets) for use with inductive, capacitive, photoelectric, and ultrasonic sensors. The quick disconnect cables are available with either an M8 (nano) or M12 (micro) connector for use with DC sensors and with an M12 connector for use with AC sensors.

Cable options include 3, 4, or 5 wire configurations with either a straight or angled connector. The cables also feature a PVC sheath and are available in 2, 5, or 10 meter lengths. If you use sensors, you need connector cables. Features include:

- Straight and right angle cables
- Easy-to-strip cable jackets
- Good resistance against chemicals
- IP67 protection ratings

Part #	Connector Type	Cable Length	Price
CONM14NF-S2	Straight M12 Plug	2 meters, 4-wire, PVC	\$6.43
CONM14NF-S5	Straight M12 Plug	5 meters, 4-wire, PVC	\$9.29
CONM14NF-S10	Straight M12 Plug	10 meters, 4-wire, PVC	\$13.22
CONM14NF-A2	Right Angle M12 Plug	2 meters, 4-wire, PVC	\$6.43
CONM14NF-A5	Right Angle M12 Plug	5 meters, 4-wire, PVC	\$9.29
CONM14NF-A10	Right Angle M12 Plug	10 meters, 4-wire, PVC	\$13.22
CONM53NF-S2	Straight M8 Plug	2 meters, 3-wire, PVC	\$6.07
CONM53NF-S5	Straight M8 Plug	5 meters, 3-wire, PVC	\$8.22
CONM53NF-A2	Right Angle M8 Plug	2 meters, 3-wire, PVC	\$6.07
CONM53NF-A5	Right Angle M8 Plug	5 meters, 3-wire, PVC	\$8.22
