

IDEC Compact Industrial Power Supplies

The IDEC PS5R-V series are affordable, high quality and high performance industrial power supplies. The PS5R-V offers space savings and improved efficiency over other power supplies. They feature an expanded operating temperature range and a MTBF of up to 900,000 hours. Convenient DIN-rail or direct surface mountable (6 directions) make the PS5R-V series easy to use as well. IDEC also offers a **5 year factory warranty**. Available from 7.5-240 watts.

Output Capacity	Part Number	Input Voltage	Output Voltage	Output Current	List Price
7.5W	PS5R-VA05	100 to 240 VAC (voltage range: 85 to 264 VAC / 100 to 370 VDC)	5V	1.5A	\$33
	PS5R-VA12		12V	0.6A	\$33
	PS5R-VA24		24V	0.3A	\$33
10W	PS5R-VB05		5V	2.0A	\$45
15W	PS5R-VB12		12V	1.3A	\$45
	PS5R-VB24		24V	0.65A	\$45
30W	PS5R-VC12		12V	2.5A	\$50
	PS5R-VC24		24V	1.3A	\$50
60W	PS5R-VD24		24V	2.5A	\$55
90W	PS5R-VE24		24V	3.75A	\$95
120W	PS5R-VF24		24V	5.0A	\$110
240W	PS5R-VG24		24V	10.0A	\$175

Dimensions (mm)

PS5R-VA

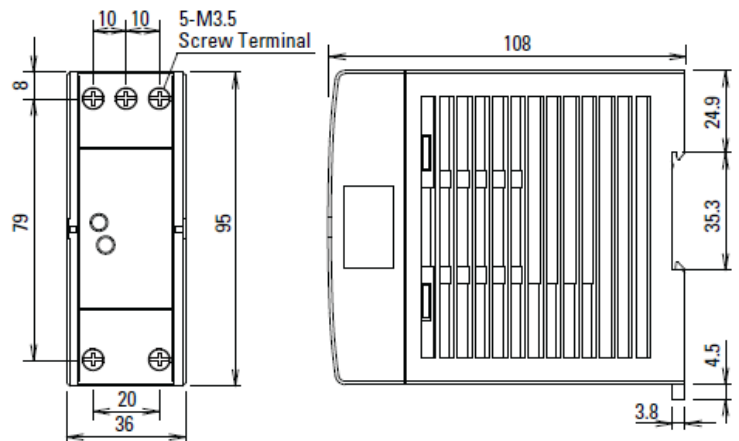

- Approved for use in Class I Division 2 hazardous locations
- Can be installed in 6 directions
- DIN-rail or panel mount
- Overcurrent protection with auto-reset
- Meets SEMI F47 Sag Immunity (208 VAC input)
- CE approval & RoHS compliant

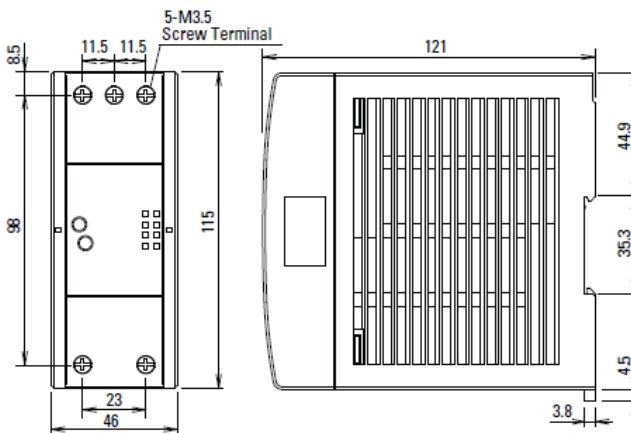

PS5R-VB/VC

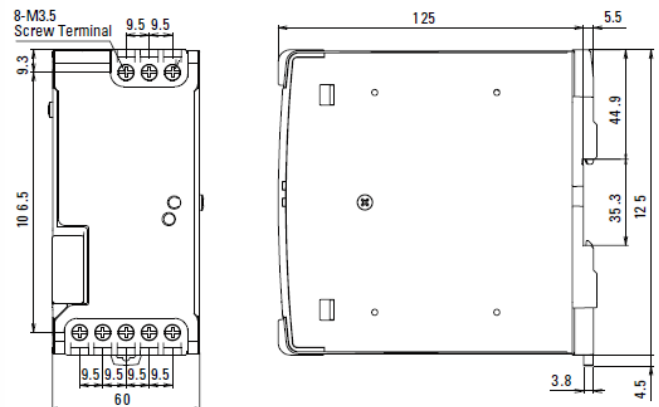

PS5R-VD/VE

PS5R-VF

PS5R-VG
