

## FREE THERMAL AUDIT

ECD along with your local Pfannenberg Sales Specialist can provide a **FREE THERMAL AUDIT** and recommend cooling solutions for you application. Thermal imaging has the ability to provide a thermogram with exact temperature points that gives an indication of the heat issues your equipment may be experiencing.

- Do you have overheating issues inside enclosures?
- How often do you need to replace expensive PLC & VFD boards due to thermal stress?
- Do you need to leave enclosures open with fans blowing to keep equipment cool?

ECD provides a wide selection of thermal management solutions from Pfannenberg. Products include Filterfans, cooling units, chillers, heat exchangers and more. **Call ECD today** to find out how a Thermal Audit can help you.
